## Immigration Battle Continues to Rage on Capitol Hill

*National Spokesman Steve LeBlanc works the halls of Congress before hearings on immigration.*

The House of Representatives recently passed a bipartisan bill to fully fund the Department of Homeland Security, while repealing President Obama's Executive Action granting amnesty to approximately 5 million illegal aliens.

"Our worst fears have become a reality," states National Spokesman Steven J. LeBlanc. "And it will only get worse from here, unless Congress steps in to curtail the unilateral actions of a President who views himself as above the law." Senate Democrats have employed the filibuster strategy to protect the White House from

## Legislative Team Scours Congressional Docket for New Immigration Bills

The U.S. Border Security Council's Legislative team continues to search Congressional records for all bills regarding immigration reform and border security. With the start of the new 114th Congress comes a flurry of new legislation from both sides of the aisle.

"Our first goal in the 114th Congress is to identify what bills are being introduced, and by whom," states LeBlanc. "The President has cho-

# I Want To Hear From You

Dear Patriotic Friend,

**I Need Your Help!**

The immigration battle continues to be fought on Capitol Hill with the Department of Homeland Security's funding being held hostage by Senate Democrats in an effort to protect the unlawful action taken by President Obama to grant amnesty to five million law-breakers who are currently residing in America illegally.

Our legislative team has been burning the candle at both ends to identify the key players in the battle to repeal the President's Executive Action, while fully funding the Department of Homeland Security. I have spoken with my contact in Speaker Boehner's office and have been told that until action is taken in the Senate to pass the House bill, their hands are tied.

That's where you and I can join together and bombard the Senate switchboard with calls DEMANDING that your Senator stand with their constituents and pass the House legislation that fully funds the Department of Homeland Security. Our brave men and women at the border deserve the best resources available, and it is a sin that Senate Democrats are using a procedural tactic to block funding.

So I am calling on YOU to call your elected officials today and demand that they fully fund the Department of Homeland Security and repeal President Obama's unlawful granting of amnesty. I know I can count on you, you've never let me down before.

Keep fighting for America,

## **SNEAK OF THE MONTH: Senate Democrats Block Funding**

Senate Democrats, acting in what can only be described as a last ditch effort to protect the "lawlessness" of President Obama and his unilateral action on amnesty, have filibustered a House-passed bill to fully fund the Department of Homeland Security.

The House of Representatives passed a common sense, bipartisan bill in late January that would fully fund the Department of Homeland Security before the February 27 deadline. However,

sen to pick a fight with the new majority in Congress and has staked his fate on unilateral action granting amnesty to approximately 5 million illegal aliens,” continued LeBlanc, “an act that even President Obama stated repeatedly he didn’t have the proper authority to enact.”

While the debate in the Senate continues to draw out, the U.S. Border Security Council will stay diligent in identifying any bill that will lessen the security of our borders, or grant amnesty or a pathway to citizenship for any and all that are residing in this country illegally.

“One of the truly disappointing aspects about how the President has chosen to handle immigration reform is that he is sending a false message to anyone who has the dream of a better life in America by basically telling them, if you can get in illegally, we’ll let you stay,” states LeBlanc. “And that isn’t how our laws work, nor is it how our founding fathers imagined this country would grow and prosper.”

## Sneak of the Month (continued from page 2)

Senate Democrats have vowed to filibuster any legislation that would repeal the President's Executive Action granting amnesty to five million of the 13-plus million illegal aliens currently residing in America.

Senate Majority Leader Mitch McConnell described the Democrats' actions by stating, "Today's Democrat Party seems willing to go to any extreme to protect the kind of executive overreach President Obama

once described as 'not how our democracy functions' — even to block Homeland Security funding to get its way," McConnell said.

For their continued concern of protecting their Democrat President at the cost of American citizens in every town, city and state, Senate Democrats are the U.S. Border Security Council's Sneak of the Month.

having to veto legislation aimed at curbing his unconstitutional actions regarding immigration.

Both parties are scrambling to find common ground on immigration to avoid a February 27th deadline to fund the Department of Homeland Security. The U.S. Border Security Council has been very active on Capitol Hill identifying the key players in order to make sure that your voices are represented in key negotiations.

"I have reached out to my contacts in Speaker Boehner's office to make sure that we have the most up to date information," says LeBlanc. "It's pretty obvious to all parties involved what the plans of Senate Democrats are: force the shutdown of the Department of Homeland Security before deporting law-breaking illegal aliens," continued LeBlanc. "And then point fingers and blame the Republicans."
